

ANGRY MOLES INSTRUCTIONS

Equipment List

- ① CyTime Event Recorder, with AngryMoles web page installed.
- ② AngryMoles game console, with stacklights, START switch, relays.
- ③ AngryMoles player board with 4 momentary mushroom-type pushbuttons. (Connects to game console, using attached cable.)
- ④ CyTime literature: Instruction bulletins, color brochures.
- ⑤ Ethernet network cable (standard cat 5 patch cable).
- ⑥ AngryMoles decorations.
- ⑦ Display table, minimum width: 6-feet (2 meters).
- ⑧ PC with web browser, Flash Player 10 or later, HDMI output.
- ⑨ HDTV or other suitable PC monitor, HDMI input.
- ⑩ A/V cable(s) to connect PC and HDTV (e.g., HDMI).

(Supplied by user)

Setup Checklist

- Arrange equipment, connect all cables, apply power.
- Turn on CyTime and PC (wait for PC's DHCP to time out*).
- Open browser, access CyTime at 169.254.0.10.
- Login (username = admin / password = admin).
- Click "Setup - Inputs" to verify inputs 1-4, 7, 8 are enabled.
- Click "Monitoring - Custom Page", then click "Angry Moles."
- Click blue "BestScores" button and clear previous scores.
- For best results, turn your computer's sound ON.
- Optional: experiment with different browsers (IE9, Chrome, Firefox) and toolbar settings for optimal fit to HDTV screen.
- Finally, set browser to Full Screen (F11).

* Most Windows PCs set to use DHCP will revert to a default IP address in the range 169.254.x.x, allowing connection to CyTime.

How to Play

- ▶ Enter players' names (in place of "Player 1", "Player 2", etc).
- ▶ Click the green PLAY button (on-screen); moles start jumping.
- ▶ Set START switch ON—amber READY light comes on.
- ▶ Wait for green GO light—comes on after a random time delay.
- ▶ When GO light comes on, players must hit their pushbuttons.
- ▶ The web page delays, then displays all players' reaction times.
- ▶ Click the blue "Best Scores" button to view the top 10 scores.
- ▶ To reset, set START switch OFF—then back ON to play again.

[Note: For details on operation or setup during the game, click the orange HELP button.]
