	WARRANTY-EXT	Extended Warranty for SER-3200/2408 (up to 10 years)	(contact us)

① The PTP option is activated by a software license key, unique to each SER. When ordered with the -PTP or -32GB suffix, this key is installed at the factory. When ordered as a field-upgrade to an existing SER-3200/2408 (hardware version B1 or later), the key is provided via a license certificate.

② Please provide the serial number and MAC address of the existing CyTime SER at the time the order is placed for PTP field upgrade.

③ The STR-100/IRIG-B (IRIG-B output model only) is pending obsolescence, effective April 2016. Available by special order or limited to quantities on hand. An alternative is to use an SER-3200-PTP with PLX-5V or PLX-24V option. Please contact Cyber Sciences for more information.

Cyber Sciences Standard Terms and Conditions of Sale:

- 1) All prices are in US Dollars (USD), FOB factory (Ex Works) Cyber Sciences, Murfreesboro, Tennessee USA.
- 2) Prices do not include taxes (if applicable) or shipping costs; actual shipping charges will be added to the invoice or charged to customer account.
